4-H Awards Ceremony

Team Neutrino attended the 4-H awards ceremony to recognize the success the team had over build season, along with their World Championship experience!

Mentoring

This past fall, members of Team Neutrino have been mentoring FLL and FLL Jr. programs at 3 elementary schools and the local middle school, teaching kids about engineering and problem solving.

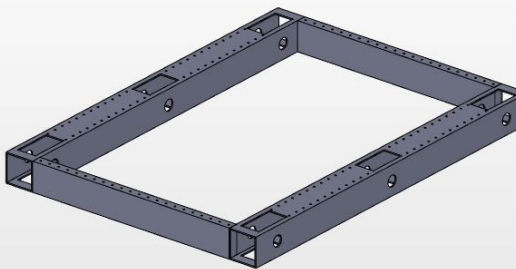

Competitions

On Saturday, December 2nd, members of Team Neutrino travelled with their FLL teams to compete at regional competitions. The AMS FLL team Vapor Vipers won the Global Inspiration Award.

Mock Kickoff

To prepare for the 2018 kickoff, Team Neutrino conducted mock kickoff with the 2008 and 2010 FRC games. The team was shown the robot games and then strategized in small groups. The design subteam also worked on CAdding a robot for the 2008 FRC game.
