

Team Neutrino

North Star Regional

Qualification Rounds

On Friday and Saturday, our team competed in ten qualification matches. We finished seeded 7th! Great job to the drive team!

Pit Judging

Our veteran members trained in a new pit rep during this competition. They all did a great job talking to the judges and pit scouts!

Go, Iowa!

All three Iowa teams in attendance made the playoffs, with 5576 Team Terminator ranked 3rd and winning the Rookie Inspiration award, which qualified them for the Champs. Congrats to 5576 and 967!

Alliance Selection & Playoffs

Team Neutrino was the 1st pick of the 3rd seeded alliance. It was great to work with 3883 and 5339 and finish as quarterfinalists!

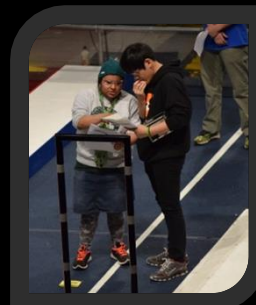

Dean's List

Congratulations to our co-captain, Dagney Paskach, for receiving the Dean's List Finalist award!

Scouting

The scout team worked hard throughout the competition to put together a pick list and match breakdowns.
